Quality Assurance

General notes on portioning/cutting Standards:

All product offered as meeting the food safety legislative requirements.

Poultry must be maintained in excellent condition through processing, storage, and transit.

All meat shall be practically free from bruises, blood clots, bloody tissue, blood discoloration, bone fragments, feathers or any other conditions which would negatively affect the use of the product.

The cutting, trimming and boning of cuts shall be accomplished with sufficient care to allow each cut to retain its identity and to avoid objectionable scores on the surfaces.
